## Consent and CASC

### NOTE - NEW MEMBERS:

All new members MUST complete a registration form for Middlesex RFU. These are available from Sian at Greycourt or from Mike Talbot. Please let her know if you are a new member when applying. The forms will be available from her or your age group coach at the beginning of the season. You will need to submit two passport photos of each child with this form. Please pass to your child's head coach as soon as completed.

### CASC (Amateur Sports Club)

The creation of the CASC is an exciting new opportunity for the amateur playing membership of London Welsh RFC to work together to ensure the continued enjoyment of the facilities at Old Deer Park.

The CASC has now been in operation for a full season, overseeing the Accounts and running of the Amateur playing membership of London Welsh RFC. Your feedback is always welcome if you have any suggestions in improvements that may be made.

One way of ensuring the continuance of the club has been via invaluable donations made by the members of the club, businesses and the ever-supportive Welsh community. So that the club benefits financially and your donation goes further, we facilitate the use of "Gift Aid".

### Consent to Using Photographs in Medical/Scientific Publications/Lectures/Seminars

I hereby give consent to London Welsh RFC, its coaches and agents to take photographs/video at London Welsh RFC Mini/Junior training sessions and inter-club/festivals matches which may contain images of my children. These images may be used as illustrations in publications of medical/physiotherapy/sports medical articles, papers and presentations and for sports/medical publications or on the internet. London Welsh RFC may also use the images in programmes, posters and leaflets advertising rugby at London Welsh RFC and commercial advertising involving players from London Welsh RFC.

I understand that video of training sessions and matches will be used for coaching analysis and may be used for medical/academic/coaching presentations.
